1. We appreciate the opportunity to comment on those Congressional items of interest to this Agency as contained in reference. Our specific comments follow and are keyed to reference:

- ° FOIA Relief: The Office of Security is strongly opposed to any legislation which would hold the Agency directly accountable to Congress regarding U.S. persons of intelligence and counterintelligence interest. [REDACTED]

25X1

[REDACTED] such legislation would seriously affect our ability to conduct counterintelligence investigations and could possibly impose a substantial reporting responsibility. As an alternative to proposed legislation suggested by HPSCI, we would prefer to "live" with existing FOIA legislation.

- ° Leaks: We have no comments regarding upcoming testimony regarding "leaks," but would note that we have previously provided requested information regarding NSDD-84 to Congress via the Office of External Affairs.
